

My name is Audrey Taylor and I am so excited to teach first grade at Freedom Academy this year! I graduated with my degree in Elementary Education and a minor in music. I am a highly qualified teacher with a level 1 license.

I was born in Burley, Idaho but have lived most of my life in Sandy, Utah. I am the youngest of five kids and love spending time with all of my siblings. I have been married for about a year and love spending time with my husband Matthew.

Some activities I like to do in my spare time are: spending time with my husband, family, and friends, camping, reading, singing and playing my violin. I am currently playing in the Orchestra at Temple Square and enjoy every minute of it. Music is a very important part of my life and I am excited to share it with others.

I want to help each child to participate in a democracy, provide them with knowledge in a variety of subjects, and teach them core values and social skills. I want to help each child feel successful and reach their highest potential. This is going to be a wonderful year!
