

Mr. Jerry Timothy

I was born in Provo, Utah. My family has lived in Orem for six years. I have also lived in Idaho, Brazil and Chile. I have been married for 18 years, and I have daughters in 9th and 6th grades. My wife works as an office manager for an OB/GYN, though she has a degree in accounting.

I have a Level II license in Special Education, an ESL endorsement, and a B.S. degree in Elementary Education. Previously, I have taught 4th, 5th and 6th grades. I now teach Special Education; this is my 8th year here at Freedom Academy.

I enjoy literature, writing, Spanish, art, science, math, news and sports.

I use researched-based practices in helping my students master basic skills. My goal is to assist students to gain independence in their academic career. I believe that given the time, the work, and the motivation, each student is able to reach a level of autonomy that cultivates fulfillment.
