

Welcome to Second Grade!

My name is Juanita Beavers. I have been teaching over nineteen years in a variety of capacities. For several of those years I have been at Freedom Academy. I speak some Spanish and have a lifetime credential from California to teach English as a second language, ESL. My strength is teaching reading. In addition, I coordinate the Mentor Program for newer teachers here at Freedom Academy. I graduated from Southern Oregon University, a university well known for its teaching program. Currently I hold teaching credentials in Oregon, California, and Utah. I taught kindergarten, first, second, and third grade for sixteen years in Livingston, Merced, California at Campus Park School. Singing, reading, gardening, and sewing some of the things I love to do. My husband and I have seven children, all grown, and fifteen grandchildren.

Mrs. Beavers
